

Flow Down Provisions for Subcontract/Purchase Orders for Items Under a U.S. Government Prime Contract (Commercial and Non-Commercial)

In addition to the clauses found in the Elbit Systems of America, LLC General Terms and Provisions, the following clauses shall apply to the Order as required by the terms of Buyer's Government Contract, by operation of law or regulation, or by the terms of the specific clauses. Buyer is flowing down to Seller certain provisions and clauses from the Federal Acquisition Regulation (FAR), Department of Defense FAR Supplement (DFARS), and the Revolutionary FAR Overhaul (RFO) (all herein "USG Clauses"). These USG Clauses are hereby incorporated by reference, as applicable, and in the manner set forth below (including any parenthetical information regarding applicability and bracketed information regarding modifications to the USG Clauses). For certain USG Clauses, Buyer has provided parenthetical language describing the circumstances in which the USG Clauses apply to the Order. This parenthetical language may not encompass all situations where the USG Clauses apply, and Seller is responsible for confirming whether the USG Clauses are applicable to the Order.

The effective version of the USG Clauses shall be the version in effect as of the date this Order is issued unless a different version appears in Buyer's Government Contract, in which case the version in Buyer's Government Contract applies. The Parties hereby agree to amend this item to include any additional or revised USG Clauses incorporated in Buyer's Government Contract that are applicable to the performance of this Order. Seller shall flow down to its lower-tier subcontractors all applicable USG Clauses and any other requirements of this Order and applicable law to enable and ensure that Buyer and Seller comply with all applicable requirements of Buyer's Government Contract.

It is intended by the Parties that these USG Clauses shall apply to Seller in such manner as is necessary to reflect the position of Seller as a subcontractor to Buyer, and to ensure Seller's obligations to Buyer and to the Government, and to enable Buyer to meet its contract obligations to the Federal Government. Consequently, in interpreting and applying USG Clauses flowed down to Seller, and as context requires, the terms "Contractor" and "Offeror" shall mean Seller, the term "Contract" shall mean this Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer and/or Buyer's Representative. However, as an exception to the foregoing, the terms "Government" and "Contracting Officer" do not change in the following circumstances:

- a) In the phrases "Government Property", "Government-Furnished Property", and "Government-Owned Property";
- b) In the Patent Rights clauses incorporated therein, if any;
- c) When a right, act, authorization, or obligation can be granted or performed only by the Government or a Contracting Officer of his/her duty authorized representative;
- d) When title to property is to be transferred directly to the Government;
- e) When access to proprietary financial information or other proprietary data is required, expected as otherwise provided in this Order; and
- f) Where specifically modified in this Order.

USG Clauses flowed down by Buyer to Seller pursuant to this provision may require submission of certificates. All such required representations and certifications made by Seller in connection with flow down of USG Clauses, including all such certifications submitted by Seller with its offer, are hereby incorporated in this Order by reference. Seller shall, with respect to applicable USG Clauses flowed down pursuant to this provision, furnish to Buyer (or directly to the Government upon request of Buyer) any certificate required to be furnished by any USG Clause and any certificate required by any further U.S. law, ordinance, or regulation with respect to Seller's compliance with the terms and provisions of U.S. laws, ordinances, or regulations. As used in this paragraph, the word "certificate" shall include any plan or course of action or record keeping function, as, for example, a small business subcontracting plan for which flow down is required.

1. Required Clauses for Commercial and Non-Commercial Products and Services	3
2. Commercial and Non-Commercial Products and Services	6
Additional clauses apply to this Contract when the value of this Contract is equal to or exceeds \$10,000:	6
